

## Busy Bees

## Parents Newsletter

Hello everyone, it is brilliant to see everyone back at the nursery. I would like to start by introducing some of the new children who have joined the Busy Bee room. We have Ola, Arya, Ben, Clara, Helena, Jacob, Jude, Lola and Saoirse. It has been lovely getting to know our new friends and their families. Unfortunately we have some children who are moving into the River room and moving to new nurseries, we are going to miss you and wishing these children and families all the best Clay, Ella, Harper, Inge, Isla, Lily, Marnie, Max M, Thomas and Zander.

I would also like to introduce you all to some new members of staff who have joined the Busy Bee team. We have Nejma who has a HNC in early education and childcare. We also have Zoe who has just qualified with her SVQ Level 3 in childcare. If you have not had the chance to meet them please let Frances or Sam know and we will make this happen. A big welcome to them both!

## August 2021

The Busy bee room has been very busy over the last few months and recently we have been going out for adventures in the local area. We have been down to the harbour to see all the different boats and watch them coming in and out from sea! We even managed to walk all the way to the lighthouse to see if the lighthouse keeper was in, but he was on his lunch at the time.

We have also been exploring in victoria park and seeing what is in the park. We have been practicing our ball skills by throwing and

catching the balls helping to develop our gross motor skills along with developing our teamwork skills. When in the park we also had the chance to do some running races, which the staff also joined in. We were also discovering about the different trees that we have in the park and playing hide and seek. This has been helping promote physical activity.

We have also had a range of different learning experience when at the nursery, we have been discovering all about different textures and sensory play. This has been done through water play, pasta play, play dough, lentil play and rice play. This is helping the children discover different textures and different firmness.

I would just like to remind parents as the weather is getting warmer please to bring in sun hats for your children with their names on them, this would really help the staff and ensuring that all clothing items are returned to their rightful owners.

I have also created an email account that is just for the Busy Bee team, this can be used if you would like to send in pictures for adventure books and family books we have been making. The email address is [busybeesbonningtonhouse@outlook.com](mailto:busybeesbonningtonhouse@outlook.com)

I would also like to let parents know that I know with restrictions it has been difficult but if you ever have any questions, concerns or would like to speak to the team about anything please know that you can contact the nursery at any time.
